Sparkling Water	1 Litre	£4.60

GROWLERS

The term growler can be traced back to the late 19th century when fresh beer was transported by means of a small galvanized pail. Often the inside of the pail would be coated with lard to decrease foam and allow for slightly more beer to be in the pail. It is claimed the sound that the CO2 made when it escaped from the lid as the beer sloshed around sounded like a growl, Hence the term growler. Now you can take home four pints worth of your favorite draught beer served from Clark's. Available until 10pm every night.

A £3 refundable deposit is required for all take me home growlers. The deposit will be refunded when brought back in or if you want to keep your growler it's yours for the £3 and you can use it when you like.
